RAFFLES & CONTESTS

PreRaffle--Tickets \$20 \$1,000 cash to the winner!

This raffle has been a staple at our traditional fundraiser. Tickets are \$20 each and the winner receives half the pot! Only 100 tickets are sold, so the prize will be \$1000! Winner will be drawn at 5 pm on December 4th. You do not need to be present to win. To purchase a ticket contact the Vasaloppet office: information@vasaloppet.us But hurry, these tickets will be sold out before the event.

Bob's Red Socks Raffle--Tickets \$20

Did you know Bob Gorham with the red socks, one of our long time volunteers? He only wore red socks and now you can buy one! Well, you don't technically get to keep the sock, but you DO get to keep what is inside of it! There will be red socks strung up on a clothesline outside of the Nordic Center, each with a prize inside of it! Prizes will include cash and gift cards varying in value from \$5 to \$100.

Light the Night Raffle--Tickets \$10

Win a cool old-style looking lantern and help light the ski trail. The Nordic Center is a beautiful facility, and our volunteers are hard at work adding lighted areas to the trail. This will allow skiers to enjoy a bright skiing area during our dark winters. Tickets will be sold throughout the evening, with a lantern being drawn for every 10 tickets sold!

Snow Melt Challenge--Tickets \$10

Each year the Vasaloppet makes a mountain of snow for the snow farmers to spread on the ski trails. Eventually, that mountain melts. To keep everyone in good spirits while that mountain melts, we're making a game of guessing when the last of the snow mountain melts. Three board members will serve as the judges and will determine the official final snow melt day.

A guess will cost participants \$10. If more than one person guesses the correct date, a winner will be chosen at random from all of the people who guess the correct date. That winner will split the pot with the Vasaloppet.

Entries will be accepted from Friday, December 4th through Sunday, February 14th. More details coming soon!
